

Deeksha Madan

Stanza Living Sarasota House, Pune, 9891360163, deekshamadaan2002@gmail.com,

Career Objective

A driven and goal-oriented economics postgraduate with hands-on experience in finance and a specialisation in data analytics. I aim to contribute meaningfully to a forward-thinking organisation by leveraging my analytical mindset, financial acumen and proficiency in data tools to support data-driven decision-making. I strive to be a reliable and proactive team member who brings both insight and initiative to the table.
